177th  
Mail Auction Sale  
of  
Rare Coins, Medals, Tokens,  
and Paper Money

*To Be Sold by Mail Auction*

To the Highest Bidder Without Reserve

SATURDAY, FEBRUARY 25, 1950

*By the Cataloguer*  
M. H. BOLENDER  
1126 BENSON BLVD.  
FREEPORT, ILLINOIS

## TERMS OF SALE

**All bids by mail.** We have over 3,000 customers who are interested in these sales. They live in every state of the union, and in some foreign countries. They can not all come to Freeport in person each month to attend an auction. In fact, not one per cent of them could do so. In fairness to those who live at a distance, and cannot attend a sale in person, we request all bids to be sent in advance of the sale, by mail.

**Coins will be bought below your bids** where other offers permit, as this is competitive bidding, executed in good faith.

Where two or more bids are exactly the same on any lot, or tied, the lot is sold to the first bid received at exactly his bid.

**No unlimited bids** will be accepted from anyone, at this sale. Mark your highest limit or bid on the bid sheet, and we will buy as much under this price, as other actual bids permit. **Get your bids in before the date of sale.** Don't wait until the last minute. Help us with our work and we will help you get something.

The usual charge of 5% will be made for executing your bids. No charge is made on anything not actually purchased. Postage and express is paid by the purchaser.

Receipted bills are not sent out after your remittance as this is unnecessary. **Your check, draft or money order itself is a receipt. However, if a 3-cent stamp is enclosed we will send receipt.**

**Be certain that you bid on the lot you wish to buy.** We will correct errors and adjust claims, but you should not expect us to pay for **your mistakes. Be careful** in making your bids. Be sure that you bid on the lot you wish to buy, and **at so much per piece.**

**Bids must reach me by the morning of the sale.** Mail them in time so as to avoid disappointment. At each sale some bids arrive too late to be executed.

The price lists have to be set up and printed after the sale, and are mailed first class, usually about 15 days after the sale date.

Between the seller and buyer, my position in describing the condition of coins and bills has been neutral. My classifications are generally considered to be conservative by the collecting public.

**It is easy to bid by mail. If you do not know how much to bid on any items, write me giving numbers in catalog and I shall be glad to inform you as to values.** It is useless and a waste of time to make low bids that have no chance of success. I sincerely hope that each collector acquires some nice lots from this sale that give him a real thrill and joy of satisfaction.

New bidders or customers sending in bids for the first time must positively give first class reference, bank reference preferably, or else send a deposit of at least 25% of the total amount of bids. Otherwise, their bids will not be accepted; application of such deposit will be made

upon successful bids; the seller reserves the right to demand payment upon successful bids before delivery in his sole discretion. To those known to me who have established credit, a reference or deposit is not necessary and purchases will be sent out promptly after the sale. In appreciation of this courtesy the purchaser remits promptly.

**The terms are prompt cash settlement after sale,** and no time given. Collectors who are not certain that they can pay promptly, are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.

**Remit by money order, draft, check,** or in any way most convenient. **Stamps accepted for accounts that are below one dollar only.**

All coins and other items are guaranteed genuine, unless otherwise stated.

**Please bid by the piece unless stated to bid for the lot. Thus, if there are 12 pieces in a lot and you wish to pay \$6 for the lot, then bid 50c. At each sale someone bids by the lot. Don't do this—bid by the piece. Exception—where stated to bid for lot.**

**NOTE—A printed list of all the prices realized at this sale will be sent for fifty cents (50c). Send coin or stamps with your bids so as to reserve a price list, or if you prefer, we will add the cost to your bill of items purchased for you at this sale. Keep posted on coin values as they are today, and order a price list in advance of the sale. After the sale they cost \$1. Before, they are 50 cents.**

### UNCIRCULATED ROLLS

A chance for dealers and investors, who have been very active the past few years in gathering rolls of uncirculated U.S. coins at wholesale for future investment. As I look back over the past forty years, and recall how I bought in 1909 many rolls of 1909 "S" Indian head cents and 1909 S-VDB cents at \$3.00 per roll, and the 1908 "S" and 1909 Lincoln "S" at \$1.50 per roll, and many other kinds since, I know that money has been made in buying uncirculated rolls. The next 30 or 40 years is very likely to offer a surprise for most of us, and the biggest opportunities are yet to come. The noted economist Schlicher of Harvard University forecasts that the next 30 years will bring twice the prosperity that we now enjoy. People will have better homes, two cars instead of one, twice as much money. And he singles out the arts as reaching a field where the different items sell for unheard of prices. Numismatics is a branch of art, and is included. There will be five times as many collectors, and no increase in the supply of coins. This is my greatest offering of uncirculated rolls in my 177 sales. Any bids above face will be entered and carefully considered. We invite all bids. Opportunity has knocked!

## COIN COLLECTORS' COLUMN OF COMMENTS

**Collectors of experience** have found that not all dealers classify the condition of coins alike. To the collector this should be a very important matter, and wise collectors soon learn where to buy their coins, and where not to do so. Mr. Bolender began to collect and study coins more than 43 years ago. He is from the old school, and learned to classify coins from the Chapmans, Elder, Proskey, and Low, attending many of their sales in person. He has studied abroad in most of the principal museums of Europe, including the government collections in Oslo, Stockholm, Copenhagen, Munich, Dresden, Berlin, Vienna, Paris, and the British Museum in London, besides many others. Much has been said and written on the subject of condition of coins, in this country, in recent years. The matter rests upon the honesty and integrity, and the knowledge and experience of the dealer. Mr. Bolender believes that a coin should be described exactly and carefully, and the same whether he is buying or selling it. In auction his position is neutral between the buyer and seller, and every coin is catalogued by Mr. Bolender, and never by the consignor. The many years of success with these 177 sales would never have come about, without this care. At the recent annual convention of the American Numismatic Association last August in San Francisco, it was worth the trip to meet no less than six prominent collectors who stated that they had bought coins from this firm for more than 30 years. Their comments of satisfaction and warm friendliness will be remembered.

**When you receive your coins,** your comments as to whether you like the condition of the coins sent you, or whether you do not, will be greatly appreciated. And if anything is not satisfactory, you may be sure that Mr. Bolender will fairly consider your case.

**Prices of coins** may seem high to some of us to-day. I have experienced the advance for over 43 years. However, according to the noted economist of Harvard University, they will be very much higher in the next 30 years. It is encouraging to collectors who often sacrifice other things, because of their interest in numismatics. Thus, collectors may lay up a fortune, while others not interested, miss the opportunity, and most of all, the pleasures.

**The price list** of the 176th sale reveal that several hundred lots in the sale sold for more than the estimates of value. We try to give conservative estimates of value, not inflated prices that we know are twice too high. We appreciate the collectors' respect in this matter. Any bids below the estimates are all welcome too. We realize that coins are worth more to some than to others.

**Over 600 bid sheets** are received at each sale. Some collectors bid on several hundred items. The clerical work is considerable, and we appreciate it, if you can get in your bids a week or so before the sale date, to avoid the "Christmas rush" just before the sale.

**123 collectors** were unsuccessful at the 176th sale. Most of these are expecting prices to slump badly, but this has just not happened. Nor is it expected by the other 500 collectors, nor by us. We will see higher prices for rare coins, and fine antiques, and choice objects of art.

**Delivery of catalogues** to you is sometimes slow. They are sent more than a month in advance of the sale date, by third class mail. In some cases they are not delivered until after the sale is over. This is no fault of ours, but of the post office department. To help us correct this, we will appreciate a note on your bid sheet, telling the date that your catalogue arrived.

**Comments of Others** at the last sale. One good old customer sent his bids and wrote, "I have been very happy with our transactions to date, and thanks to you I have received some very choice coins that I am proud to own." The gentleman received about \$650 worth of coins. Another large buyer from Indiana writes, "well pleased with coins." From Washington, D.C. "I prefer to have you sell my collection, because of the high quality of your sales."

From California "I found the coins entirely satisfactory."

From Kentucky "I am well pleased with them."

From California "I can say you really describe coins properly. Your

ex. fine is really better than some that are called uncirculated."

From West Virginia "I want to thank you for such excellent coins."

From Chicago "I am highly delighted with the coins."

---

From Massachusetts "Thank you for some nice additions to my collection."

From Wisconsin "They were very nice."

From Florida "I am really proud of the coins."

From Washington "You did a fine job for me with my bids, and got all of them for less than my limit."

From Illinois "I must tell you how pleased I am with these nice lots. Equally satisfied am I with the prices, far under my actual bids."

From Oklahoma "Coins O.K. and well-pleased with them. Sorry I did not receive more. I write this so you can feel the customer's pulse."

And from the largest consignor at last sale "Your report of sale and check came by airmail. I was most pleasantly surprised at the total amount the collection brought."
